

The 3rd Annual Elizabeth Alexander Spirit Award was presented at our May General Meeting. This award is given yearly to someone that is dedicated toward the JLCU Mission, has commitments to community service outside of Junior League, has shown a willingness to step forward to get the job done when the need arises, puts the needs of family, friends, and community before her own, and consistently inspires others with her optimism and spirit.

This year's recipient is Abby Hobbs. She has been active in League for ten years while holding leadership positions, including past President, for nine of those years! She has been active with various organizations including her church, CU Schools Foundation, and Dr. Howard school. As busy as she is she never hesitates to change a meeting or rearrange her schedule to be there for her daughters or husband --- THEY always come first! Her endless bright smile and attitude are a constant inspiration to others. She has the ability to make the hardest of jobs seem fun, exciting, and even rewarding!

A plaque honoring her achievement is on display at the JLCU headquarters. Abby joins past recipients, Kendy Stewart and Laura Walsten with this honor. Way to go Abby!!!
